## GREETINGS

To Our Dahlia Friends:

It is with pleasure that we send you our 1940 Dahlia Catalog. Somewhat late, it's true but we have held up publication awaiting the arrival of European shipments of which we had hoped to offer green plants this spring. Some have reached us but we are afraid Herr Hitler's submarines have accounted for many.

We are primarily "Dahlia Fans," and we highly value the many friends we have made while pursuing our hobby. Each year sees new names added to the list of those who write us to discuss their dahlia problems or to ask information or suggestions regarding the newer things in dahlias from all parts of the world. If we have or can get the information you desire it is yours for asking.

To those who have favored us with orders, we thank you. They have made our hobby at least partly self supporting. Without that support we could not have continued the importing and testing of new foreign originations for only a small part meet our strict requirements and prove worthy of introduction to our friends.

In conclusion, may your garden be the envy of your neighbors, your exhibition blooms the winner of many blue ribbons. We can assist you to attain either purpose. May we?

Yours for Better Dahlias,  
WALTER C. SCRUTTON,  
GERTRUDE B. SCRUTTON.

---

**GUARANTEE.** We guarantee all our stock to be true to name, correctly labeled, to be in good growing condition with at least one live eye. If found otherwise advise us within five days of receipt of order.

**GREEN PLANTS.** All plants are grown in veneer plant bands and shipped in original containers. Plant orders for \$2.00 and over are sent postpaid. Add 25-cents to cover special handling charge.

**DOMESTIC VARIETIES.** We grow a number of domestic dahlias but list very few. Write us your wants.

**TERMS OF DELIVERY.** All root orders for \$1.00 or over are sent postpaid. No orders sent C. O. D. unless accompanied by 50% of the purchase price.

**SUBSTITUTION.** No substitution unless authorized and then only with varieties of equal or greater value.

**ABBREVIATIONS.** FD, Formal decorative; ID, Informal decorative; IC, Incurved cactus; Str. C, Straight cactus; SC, Semi cactus; Anem., Anemone. An (\*) preceding the variety signifies Domestic Origination. All others are Foreign Importations.

**BE SURE TO WRITE YOUR NAME AND ADDRESS PLAINLY.** It is best to print it and avoid mistakes. Address all orders to

## DOMESTIC POM POMS

We can supply most of the standard domestic pompoms at 25-cents per root. If interested write us your wants and we will be glad to quote you very reasonable prices.

## EASTER OR EARLY FLOWERING DAHLIAS

After trying this type out for a second year we are more enthusiastic about them than ever. Grown in Europe for early blooming in the green house we find they are wonderfully adapted for mass planting. Growing only 1½ to 2½ feet high they make a broad compact bush that is simply covered with blooms from summer to late fall. We offer the following which we have found the most satisfactory.

	Plants
<b>CHRISTEL</b> , Pure white .....	35
<b>FRIDEL</b> , Deep lilac .....	.35
<b>LENA</b> , Salmon, sulphur glow .....	.50
<b>URSEL</b> , Blood red .....	.35
<b>LESIEL</b> , Warm golden yellow .....	.50
<b>ROSEL</b> , Lilac rose .....	.50
<b>TRAUDEL</b> , Sulphur yellow .....	.35
<b>KATHE</b> , Flaming red .....	.35

## EXHIBITIONS

We do not include a list of our Show Winners for the past year as we do not have time to devote to exhibiting. We always take a goodly number of awards when we do exhibit and our customers are generous in their praise of the results they obtain from stock purchased from us.

We did however participate in the dahlia exhibit at the Hall of Flowers, Golden Gate International Exposition, Treasure Island, San Francisco. Our display consisted of miniatures which after being cut on Monday and shipped by Air Mail were still in perfect condition on Saturday. We highly prize the "Certificate of Merit" which we received bearing the great seal of the State of California.
